OFFICE OF THE STATE EDUCATIONAL ADVISER
CIVILIAN CONSERVATION CORPS
GENERAL EXTENSION DIVISION
UNIVERSITY OF FLORIDA, GAINESVILLE, FLORIDA

FLORIDA ADVISER
NO: XLII

MARCH 29, 1935

1. POSSIBILITY OF PLACING CCC BOYS WITH THE FOREST SERVICE.

By mistake many CCC boys have been told that there would be an opening for all the old men in the Forest Service. Care should be taken to see that no false hopes are aroused in the men.

This office has contacted the Forest Service in this connection and it has been found that no huge number of positions are expected to be vacant in the Forest Service.

It has been possible all along for outstanding enrollees to be placed in permanent positions with the Service. This condition still exists. If an enrollee has an aspiration for a permanent position with the Forest Service, he should make application through his Project Superintendent. If the Project Superintendent feels that the enrollee is cabable he will make the proper recommendation and forward the application to Forest Service Headquarters. Naturally it will be impossible for many enrollees to be placed since there are so few openings.

2. THE MOTION PICTURE AND THE FAMILY:

Recently a copy of "The Motion Picture and the Family" was sent to each camp in the State. This leaflet is published monthly and copies can be obtained free by writing Motion Pictures Producers and Distributors of America, Inc., 28 West 44th St., New York City.

The leaflet is published primarily for the purpose of raising the standards of the current motion picture productions. If you are interested in receiving this regularly write this office or write direct to the Motion Picture Producers and Distributors of America, Inc. and ask to be put on the mailing list.

You may find that material such as this will create an interest in the better movies instead of the lower types. There is no cost for the leaflet. If you want it be sure to write; it will not be sent out unless there is sufficient response to justify it.

3. NEW EDUCATIONAL ADVISERS:

Recently three new camp educational advisers have been appointed and assigned to camps in this State.

Robert C. Griffin is the new educational adviser at Co. 453, CCC, Olustee. Up to the time of Mr. Griffin's assignment to this company Mr. D. E. Zimmerman had been serving the camp in addition to his present camp, Co. 451 CCC, Olustee.

Mr. E. A. Vaughan has recently been assigned to Co. 2416, CCC, Blountstown. Mr. J. J. Melvin had been serving this company in addition to Co. 1406, CCC, Youngstown.

Norman P. Pendergrass, (col), is the new educational adviser at Co. 1441, CCC, Sanderson.

This office is delighted with the opportunity of serving you to the fullest extent possible. When there is anything we can do to help you please feel free to call on us.

As a supplement to the Adviser we are listing the educational advisers with their addresses.

It is hoped that the various advisers will visit one another more often. It does a lot of good to get out and see what the other fellow is doing.

4. SUPPLEMENT TO FLORIDA ADVISER:

As a supplement to the Florida Adviser we are giving the various price lists of Government Publications. Remember that all Government bulletins should be requested through the various District Educational Advisers. All camps would do well to take advantage of this source of valuable information. The cost is very small for most of the bulletins.

P. G. Reynolds,
State Adviser,
